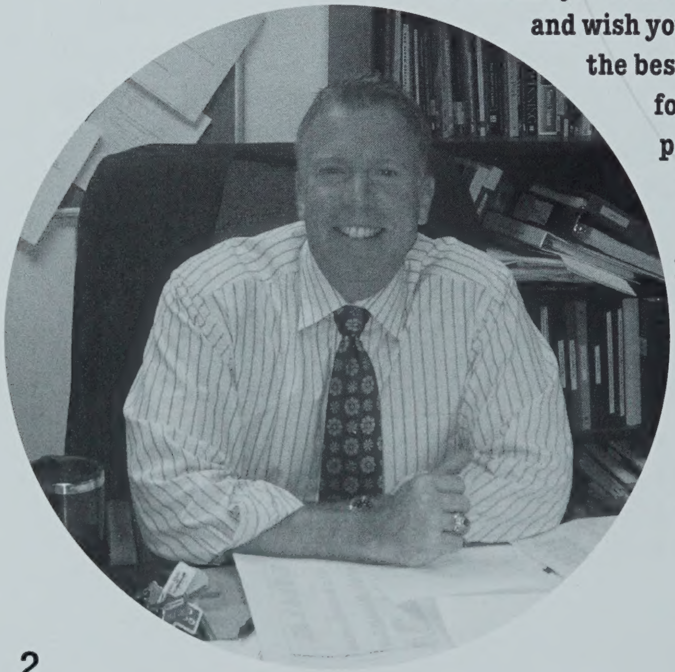
# Letter from the Principal

To The Members of the Class of 2009:

Think about it.... Someday this fine yearbook may end up on a bookshelf, in a footlocker, or perhaps in a box in your attic. While the pages may fade, your memories of your four years at Mansfield High School certainly never will. You will forever carry in your hearts the relationships and bonds with your peers and teachers that you formed as a student. Always cherish them!

I have always loved the famous quote from the great anthropologist Margaret Mead, "Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has." The quote is applicable to your class, as you have distinguished yourselves in an exemplary fashion both in and outside the classroom. Your academic achievements, such as the highest-ever MCAS scores, high AP participation rates and scores, and the number of National Merit Scholars, are second to none. You have also impressed the community with your accomplishments on the athletic field, in music and drama, and in numerous extra- and co-curricular activities, as evidenced by numerous league championships, state championships, and in the case of the percussion ensemble, a world championship! Furthermore, you have demonstrated commitment to giving back to the community through various vehicles such as Career Pathways, Little Hornets Day Care, the Annual Leaf Raking Project, the Relay for Life, the Food Bank Drive, and the Katrina Relief Trip. Through all of these experiences you have made MHS a richer place to teach and learn.

Congratulations to the Class of 2009! On behalf of the faculty and staff, thank you for all that you have contributed to our school community. We are proud of you and wish you nothing but the best as you move forward in your post-secondary education and careers. May you all continue to reach the high levels of success and accomplishments that you have earned at MHS!



Cordially,

Dr. Joseph Maruszczak

Principal

# Dedicated to:

## Ms. Martinelli, Mrs. Prester, Ms. Skidmore, and Ms. Karidoyanes

We would like to dedicate this yearbook to Ms. Skidmore and Ms. K, our class advisors, who have both been instrumental in planning and carrying out our class' events and fundraisers. Whether it was the homecoming parade, prom, the boat cruise, or the senior all night party, they always made sure we got the very best.

We would also like to dedicate this yearbook to Ms. Martinelli and Mrs. Prester, without whom this yearbook wouldn't have been possible. Thanks to Ms. Martinelli for all of her creativity, as well as, for struggling but always succeeding in making us do what we never thought possible. Despite it all, you have never given up on us (even though you threatened to and told us repeatedly you were quitting). It truly is because of you that our yearbook has even gone to print (even if it was a little late).

We would also like to thank Mrs Prester, as with the state of the nation's economy this past year, a persistent business advisor was crucial. When the possibility of not being able to publish the yearbook was eminent, you handled all of the stress and made sure that the class of 2009 would not miss out on one of the most important reminders of their high school years.

"Because of the yearbook I'm gonna be divorced before I'm even married!!" -Marty

With all that went on in this crazy little closet of ours, it's a little surprising to all of us that we actually managed to make something decent. We started out with more staff members than we knew what to do with, but within a couple of months it was down to just a few of us. Very few. We've stayed after school for more hours at one time than anyone ever should, we've missed almost every deadline we've had, we've screamed at each other over the placement of just a few words, we've thought of a thousand different excuses to sneak off for a few minutes, we've made fun of way too many people, and we've laughed like maniacs. Even though we've professed our hate for yearbook more times than we can count (and in more ways than you can imagine) in the end we'd do it all over again. So enjoy!

# SPIRIT WEEK

Tuesday: Twin Day

Wednesday: Class Color Day

Thursday: Decades Day

Friday: Green & White Day

Wednesday, Jessica Trask and Felisha Amato wore blue to show off their spirit on Senior color day. Thursday, Meghan Ferreira and Danielle Hernon dressed eighties with their black tights and leg warmers.

Representing the seventies, Melissa Buchanan and Matt Abrahamson wear tie dye and headbands.

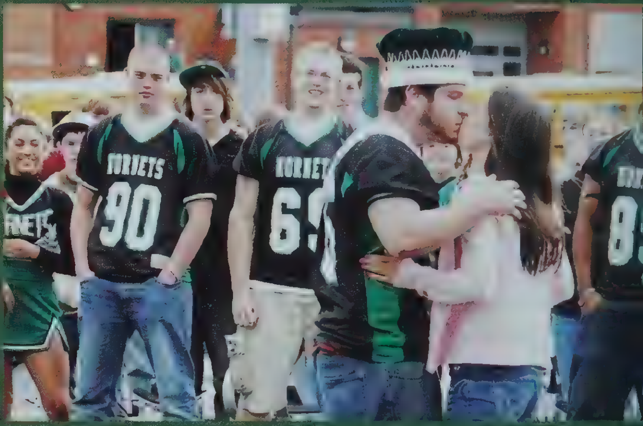
Above: Dan Buckley, Micah Levine, and Kelli Noonan.
Left Above: Corey Starke, Victoria Newell, Amy Young, Carrie Brophy and Katelyn Schepis dress in leopard print footie-pj's for twin day while Kevin Macdonald and Billy Mackie dress in banana suits!

Above: Kyle Maxwell and Dan Lazzara dress as twins.

Bottom: Kevin Meagher and Josh Primiano dress as twin old men!

Our MC's Chelsey Ballard and Dan Glavin led our homecoming rally to hype us up for the football game against Oliver Ames High School later that day. The cheerleaders and Dance Team did a great job entertaining us before the homecoming court was announced. It wasn't a surprise that Greg Bluestein and Jessie Biggs were crowned King and Queen, but that kiss was a little shocking!

# PEP RALLY



# HOMECOMING GAME

The Mansfield football team improved their record to 5-1 over Olvier Ames High School with a score of 52-14 (the most points the Hornets have scored in a decade!). Senior quarterback Jeff Mallet threw three touchdown passes as junior Nik Busharis added another for the victory.

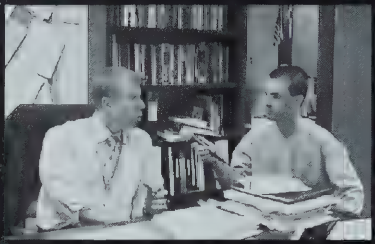
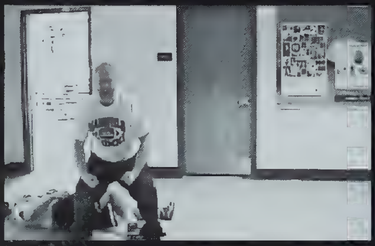
# THE SCOOP





The Scoop returned this year in a new time slot, but with the same old antics as before. Senior John Wentworth headed the staff, taking on the role of both anchor and editor. Their episodes came few and far between, but were always highly anticipated. This year the staff interviewed faculty, brought us news of local events, and toured the attractions of the area.

# EURO TRAVEL

On July 21, 2008 16 students and 2 chaperones boarded British Airways for a week in Italy and Greece. We landed in Rome and traveled to Florence, Naples, Pompeii, Capri, Positano, and Sorrento. We went to the Colesseum and Pantheon, saw the David, went to the Vatican, and swam in the Tyrrhenian Sea. Kevin McGovern and Keith "Frankie" Fisher accompanied us across the Mediterranean Sea overnight to Patras, Greece. We traveled to the ancient city of Delphi and then finally to Athens, where we saw the Parthenon. No words, however, can even begin to tell our story ...

Invisible Children came in 2005 and showed the movie “The Rough Cut”. It revealed the atrocities that were taking place in Uganda: Children threatened into a civil war, made into killers, and forced to live in fear. It shocked many, brought tears to some, and left few unaffected. Yet, however hard the movie hit us, no one did much, and in a few weeks the organization was forgotten within the walls of Mansfield High School. Two years later we brought them back. They screened the new movie “Displace Me” and then “Go”, and we got the same reaction, a lot of sad and shocked faces, but this time...it stuck.

We began fund raising in 2007 and joined the “Schools 4 Schools” campaign, a branch of Invisible Children that pairs a school in American with a School in Uganda. We were paired with Atanga Secondary School and our main goal was to raise as much money as we possible could. After countless hours and a lot of funding, we raised $5,658.00.
